# Setting up **cooperation actions**

Based on the lessons learned for the 2014-2020 period, Interact has prepared a resume of the most important practical steps to set up a cooperation action, and they include:

- Acknowledgement of development strategies and strategic objectives of the territory;
- Identification of possible applicants/beneficiaries;
- Collection of needs for the exploitation of territorial specialisations and skills;
- Setting cooperation as a relevant priority with sufficient budget allocation.
