Regional Network meeting of programmes in Central and South-East Europe

25-26 September 2024

Sarajevo | Bosnia and Herzegovina

Outline

The Interact Office Vienna is pleased to invite you to the 17th edition of the Regional Network meeting of Interreg programmes in Central and South-East Europe.

This year, the meeting will take place in the beautiful city of Sarajevo on September 25th and 26th, 2024.

This annual network meeting serves as a platform for Interreg programmes and the Interact Office Vienna to collaboratively address daily management issues, mainly focusing on CBC programmes. We, the Interact Office Vienna, will facilitate discussions, the exchange of ideas and the sharing of best practices to tackle common challenges and differences.

The network meeting provides an excellent opportunity to engage with Interreg programmes and representatives from the European Commission to discuss recent developments and current implementation topics. Interact Office Vienna also uses this occasion to identify any pressing needs and address programme requests, ensuring comprehensive support for both general programme management issues, and also more specific aspects related to the external cooperation and the integration of non-EU member States in this region.

You will have the chance to engage in discussions with colleagues from various Interreg programmes on current topics, common challenges and difficulties, and to explore solutions together.

Objectives

With this event we aim to foster joint learning and the exchange of experiences and information, primarily among Interreg programmes in Central and South-East Europe.

The network meeting is also open to all interested Interreg programmes that wish to contribute to and benefit from these discussions.

As always, your input during registration will help us prioritise this year's meeting agenda.
