

Greener Europe Thematic Working Group meeting – reflections on Post-27 consultation

3 October 2024
Draft Agenda
online

**Greener Europe Thematic Working Group meeting –
Reflections on Post-27 consultation
3 October 2024
Online**

Outline

Over the last months, programmes have been invited to reflect on the future of Interreg, in particular through a consultation survey (LINK) on Interreg for a Greener Europe.

More precisely on the topic of climate change action and resilience, how could we as Interreg provide a more effective response through the projects we fund, for the benefit of our territories and citizens?

This will be a moment to take stock of the inputs provided by programme teams, and get together as Thematic Working Group, to reflect on the key messages and options proposed. These will form part of the consultation report that Interact is preparing, to be submitted to the European Commission, and will be further discussed during the Harvesting event (25-26 November 2024 in Brussels).

Objectives

The objective of this webinar is to make sure that all feedback has been collected and will be taken into account in the preparation of the consultation report. As such, there will be opportunities to exchange on the different points provided through the survey, and highlight those to be considered as priority.

It will also be the occasion to give an update on our thematic working group and identify interest from programmes for our next activities.

Greener Europe Thematic Working Group meeting – Reflections on Post-27 consultation

3 October 2024

Online

Thursday 3 October 2024

14:00 – 14:15

Introduction and latest developments in post-27 preparation

Interact Greener Europe team
