Title	<b>Maritime Cooperation</b>		
Intro text	<p>Please take a few minutes to answer the questionnaire provided here. The questionnaire focuses on the maritime dimension of Interreg programmes. We will use your responses to discuss this dimension during the Regions Week session titled "Building strong maritime cooperation for sustainable growth in coastal and insular regions" at the European Week of Regions and Cities, which the CoR will lead. Additionally, your responses will be forwarded to DG Regio for Post27 considerations.</p> <p><b>Your input is essential to us! We kindly request each Interreg programme to submit one response per programme to the questionnaire. Thank you!</b></p>		
	<b>A. A focus on the Maritime Dimension of Interreg</b>		
Rating from 1 to 5	1. Please rate the following statements:	<ul style="list-style-type: none"> <li>a. Maritime cooperation needs a more explicit/specific definition in our programme</li> <li>b. Maritime cooperation is strongly relevant in our programme</li> <li>c. In our programme, the maritime dimension is crosscutting across priorities</li> <li>d. In our programme, indicative actions related to maritime cooperation are clearly mentioned</li> <li>e. Maritime cooperation is not explicitly covered or mentioned in our programme</li> </ul>	

Multiple choice	2. How is your programme engaged with the maritime dimension?	<ul style="list-style-type: none"> <li>a. We consider Sea Basin Strategies, MRS-Blue economy pillars and other International organisations/Initiatives in our programme</li> <li>b. We have specific activities dedicated to the marine and maritime dimensions. Ex : Specific calls on maritime issues</li> <li>c. We promote specific synergies across programmes related to the maritime aspect.</li> <li>d. We understand the significance of implementing the EU Marine Strategy Framework Directive (MSFD) and Maritime Spatial Planning Directives enhance maritime cooperation and coordination in Interreg.</li> <li>e. Maritime cooperation is not explicitly covered or mentioned in our programme</li> </ul>	
Text field *	3. Please provide some examples of Maritime Cooperation in your programme supporting economic development		
Text field *	4. What improvements are needed in Interreg to enhance maritime cooperation and effectively address border obstacles?		

Single choice	5. Should future maritime programmes include specific territorial approaches targeting functional areas, especially for islands and cross-border straits?	<ul style="list-style-type: none"> <li>a. Yes, the definition of functional areas or local integrated strategies should be encouraged</li> <li>b. Yes, but it should be limited to very specific territories (islands, cross-border coastal areas or maritime straits)</li> <li>c. No, the current set-up is already satisfactory in terms of territorial impact</li> <li>d. I do not know / It does not apply to our programme</li> </ul>	
Text field *	6. How would you define the added value of maritime cooperation in Interreg programmes'?		
Text field *	7. What additional question(s) or aspects for maritime cooperation in Interreg you suggest us to consider? Please list them here:		

(\*) Please consider these fields mandatory if maritime cooperation is relevant to the content your programme.
