EVAL-CAP-COM

EVAL-CAP-COM

Using evaluation to evaluate the strategies and/or plans and/or activities in capitalisation and communication for a particular programme; meaning **evaluation is a tool to look for example into the effectiveness and efficiency of a capitalisation or communication plan;**

Using evaluation together with capitalisation and communication as one of three levers to improve programme delivery and impact; meaning **evaluation is one of three strategic levers that are used in close connection to improve programme delivery and impact.**

Cooperation works
