Programmes approaches implementing ISO1

Interreg programmes and Interact

Objectives of the session: This session aims to share insights from 3-4 Interreg programmes participating in the ISO1 pilot. Representatives will present their experiences with ISO1 implementation, discussing both successes and challenges. This exchange is part of a continuing series, with further discussion planned for our next online meeting, where other Interreg programmes will introduce their approach to ISO1. The goal is to collaboratively map key aspects of ISO1 implementation.
