Welcome to the
Interreg Knowledge Fair

This is the **second edition** of the Interreg Knowledge Fair, it is still a new approach for us.

The **Conference Support** stand in the Exhibition Room is a one-stop shop for your questions.

At the end of this session, you are asked to rate the **session experience**.

At the end of the event, you will be asked your **overall feedback**.

Project closure 2021-2027

Plan

01

Closure by HIT/Jems

02

What do we need to close?

03

What might be already relavent to ponder on?

04

Wrap-up & closure

Hit decisions
on project closure

Extension of the regular report

What does this mean

- All fields of the regular progress report are still considered to be relevant

- A few additional fields/questions in relation to closure

Hit decisions
on project closure

Regulation requirements not put in the Project final report itself

Regulation CPR Annex XVII

- Real project's physical end date / Project closure date

- Date of last payment to partner (needed for keeping of documents 5 year period start date)

Two mandatory fields
will also be transferred to Keep.eu

C.1 Project story

Please describe the project's final achievements in a Project Story format. The Project Story should be interesting and understandable for non-specialists as it might be used for publications. Please try to touch the following guiding questions in your Project story:

- What are the project's overall challenges (regional and sectoral)?
- What was the specific problem addressed?
- Describe the key solution(s) that the project developed and tested to address the problem
- Describe how the project developed the solution(s) and why cooperation was important in that process
- To what extent has cooperation been important for achieving the project results?
- What benefits did the partner organisations derive from cooperation?
- What did change in the targeted regions and sectors because of the project solutions?
- How did the project change affect the target groups?
- How will the durability of the solutions be ensured?
- Do you still see future possible challenges and opportunities in the field of the content your project was dealing with?

In programme language – if English is not a programme language

Jems solution

- In Jems we will implement the regulatory requirements in another section
- We will add a tab to the project progress report with the 2 mandatory fields
- We will have a checklist style placeholder where programmes can customise any other questions to be asked.

Section C3 to C7
all fields are optional

Programmes could not agree on the other proposed questions about Cooperation, contribution to strategies Feedback to programmes

- All questions are made optional and programmes should also be able to extend the set of questions proposed with other questions

Section C3 to C7
all fields are optional

Let's exchange on:

C.3 Outputs after project end - What will happen with project outputs after the project end and how will the outputs be made available to the general public?

C.4 Future of the partnership – Continuation of cooperation in the project/No more;

C.5 Contribution to wider policies and strategies;

C.6 Feedback on the Programme;

C.7 Document storage

Beyond the report

Preparation to close :

- Indicators check;

- Quality check;

-

- Output based SCOs check;

- Durability requirement;

- IT system preparation;

- Cooperation with projects after the closure date.
