TERRITORIAL AGENDA 2030

A FUTURE FOR ALL PLACES

JENS KURNOL

**FEDERAL INSTITUTE FOR RESEARCH ON BUILDING,
URBAN AFFAIRS AND SPATIAL DEVELOPMENT (BBSR)**

OBJECTIVES OF THE SESSION

Pilot actions of the Territorial Agenda 2030

- See how close pilot actions in the framework of TA 2030 are to Interreg projects in terms of approach, partnerships and likely achievements
- How can pilot actions trigger change? What are the lasting outcomes?

TA2030: OVERARCHING OBJECTIVES

<p>Just Europe</p>  <p>that offers perspectives for all places and people</p>	<p>Balanced Europe Better balanced territorial development utilising Europe's diversity</p> <p>Functional Regions Local and regional development and less inequalities between places</p> <p>Integration Beyond Borders Living and working across national borders</p>
<p>Green Europe</p>  <p>that protects common livelihoods and shapes social change</p>	<p>Healthy Environment Better ecological livelihoods and climate-neutral towns, cities and regions</p> <p>Circular Economy Strong and sustainable local economies in a globalised world</p> <p>Sustainable Connections Sustainable digital and physical connectivity of places</p>

TA2030: PILOT ACTIONS

Small places matter

Cross-border spatial planning

Climate action in Alpine towns

Circular Rural Regions

A future for lagging regions

Understanding how sector policies shape spatial (im)balances

Climate change adaptation and resilience through landscape transition

Urbanisations strategies for valleys facing climate change

Regulatory Territorial Impact Assessment

TA2030 PILOT ACTION EXAMPLE 1

A future for lagging regions: “Impulses for cooperative regional development in Germany and Europe.”

Six pilot regions have tested innovative measures to safeguard services of general interest in the fields of digitalisation, mobility, health and local supply.

TA2030 PILOT ACTION EXAMPLE 1

A future for lagging regions: Impulses for a better link between regional planning and sector planning

Görlitz: A county coordination department at the County Mayor's office was established; change of the county's self-understanding as an active player in its own development

Schleswig: A study on the medical care situation in the Schleswig-Flensburg county provided the impetus to question existing sector planning and concepts; the county's health office may get a stronger role as "health planner".

Rostock: the Rostock planning region is setting up a continuous regional monitoring to better evaluate the effectiveness of sectoral policies with regard to basic service provision

*Circular
Rural Regions*

Circular Rural Regions

- The new pilot action, initiated by BMWSB (ministry) and BBSR, explores regional approaches to the circular economy using German and European model regions and supports the development and implementation of strategic circular economy concepts in rural areas.
- The goal of the pilot action is to strengthen circular transformation processes in rural regions.
- The pilot action will contribute to implementing the “Green Europe – Circular Economy” objective of the Territorial Agenda 2030.

und Raumordnung

Characteristics

- Member state initiatives
- Focus on nationally important issue
- European partnerships
- Implementing TA-priorities: range of topics
- Place-sensitive policy making
- Strengthening the spatial dimension
- Operationalization and visibility of TA
- Different approaches and methodology
- Different degrees of involvement of local and regional actors
- Different spatial perimeters

The screenshot shows the homepage of the Territorial Agenda 2030 website. At the top left is the logo with the text "#TerritorialAgenda A future for all places". The top right contains navigation links for "contacts", "theme", "share" (with 267 shares), and social media icons for Facebook, Twitter, Email, LinkedIn, and WhatsApp. Below this is a main navigation bar with "agenda", "pilot actions", "news & articles", "search", and a globe icon. The main content area has a horizontal menu with "Welcome", "Why", "Aim", "Implementation", "Actions", and "Territorial Cohesion". The "Welcome" section contains a paragraph about the 2020 agreement, a sub-heading "The Territorial Agenda 2030 provides an action-oriented framework to promote territorial cohesion in Europe: a future for all places.", and a paragraph stating that everyone is welcome to use the agenda at national, regional, and local levels. Below this are four download icons for "Territorial Agenda 2030", "Summary of the TA2030", "Overview of the Pilot Actions", and "Atlas for the Territorial Agenda 2030". On the right, a yellow sidebar titled "Latest News & Articles" features a date "2024-01-26" and a news item: "The European Parliament calls for a strong Territorial Agenda 2030 linked to EU-cohesion funds including Interreg" by Sina Redlich, BBSR. A background illustration of a mountain range with a flag on a peak is visible behind the text.
